

# PROJECT STATUS REPORT

## Allegan County Radio Project Week Ending; September 23, 2016

### SECTION 1

#### 1. Project Status Summary

- i. Factory Acceptance Test Plan (FATP) document to be used for staging the LMR P25 system in Illinois later this month has been reviewed by ACD Telecom (“ACD”) and Motorola (“Moto”). Plan optimized and reviewed with Allegan County.
- ii. Microwave site surveys by Moto are ongoing.

#### 2. Work Completed This Week

- i. On September 23, 2016, Jan Goswick (Allegan Co), Jeremy Ludwig (Allegan Co), Ali Shahnam (ACD), Devin Guth (ACD), Jim Harris (ACD), Jim Grzenia (Moto) and Tony Kurz (Moto) reviewed ACD’s questions and comments on the FATP during a webinar session. After some discussion and clarification offered by Tony, per Ali’s request, Tony will apply those changes, and email the updated ATP document back to the team today.

#### 3. Work Planned For Next Week

- i. The revised FATP document will be reviewed by ACD, Allegan Co and Moto staff before the staging takes place.
- ii. The actual staging of the P25 LMR system will take place on September 29<sup>th</sup> and 30<sup>th</sup>.
