

Boater Safety Classes for Allegan County are CANCELLED due to COVID-19 Pandemic.

Due to the recent COVID-19 Virus outbreak the Michigan Department of Natural Resources has announced that the Governor has issued a series of Executive Orders concerning the COVID-19 Virus and activities that regularly occur in the State. Effective immediately, to ensure the safety of students, instructors and volunteers ALL recreational safety classes including Marine Boater Safety Classes are to be temporarily cancelled / postponed until further notice.

The Allegan County Sheriff's Office Marine Division annually instructs various Boater Safety Classes throughout the early spring and into the summer. Due to the orders from the state, our scheduled classes have been cancelled / Postponed for April and May with classes resuming at the end of May through July.

Because the COVID-19 Pandemic is fluid, changes to protocols are constantly being updated. If there is a need to continue with any closures our schedule will be updated at that time. Our Boater Safety Class schedule can be found on the Sheriff's Office Law Enforcement webpage at:

<http://cms.allegancounty.org/sheriff/Patrol/SitePages/Marine.aspx>

If anyone desiring a Boater Safety Certificate or needs to obtain a Boater Safety Certificate prior to any of our summer classes they can obtain one through an online course. We hope to re-schedule many of our classes that were cancelled very soon.
