- Wear comfortable walking shoes
- Wear bug repellent

**LEGEND**

- Parking
- Restroom
- Starting point
- Picnic/pavilion
- Suggested route

**HEALTH**

Many of the diseases ticks carry cause flu-like symptoms, such as fever, headache, nausea, vomiting, and muscle aches. While it’s a good idea to take preventive measures against ticks year-round, be extra vigilant in warmer months (April-Sept) when ticks are most active. Repel ticks with 20 to 30% DEET or 0.5% permethrin, and walk in the center of trails. After enjoying the outdoors, conduct a full-body tick check and examine gear and pets. Ticks can ride home on clothing and pets, then attach later. For more information and how to remove ticks, visit www.cdc.gov/ticks.

To find other county parks and more information, visit www.AlleganCounty.org/Parks or call (269) 686-9088. For information about health programs and services, visit www.AlleganCounty.org/Health or call (269) 673-5411.
